Final Paper Upload
Checklist

This checklist might seem superfluous, but it's the result of the experiences of lots of past conferences. Please go through it. **If you cannot tick ALL of the points below you should not upload your paper.** Papers that don't match the criteria below may not be considered for publishing without further notice.

The paper (PDF+Word/LaTeX) itself

- ☐ You have added the authors' names
- ☐ Authors' names are spelled correctly
- ☐ Authors' names are written in this order: first name, (middle name), last name
- ☐ The paper is formatted exactly according to the template
- ☐ Please do a final language check. We always encourage authors to ask for support from an English language native speaker.
- ☐ You have not exceeded the page limits (incl tables, figures, references)
  - ⇒ **Full paper**: 10-12 pages, **Short paper**: max. 8 pages, **WiP**: 6-8 pages, **Poster** 6-8 pages
- ☐ Poster papers or Work-in-Progress papers: The title has to be preceded by "Poster: *{Your title here}*" or "Work-in-Progress: *{Your title here}*"
- ☐ You have carefully considered the remarks of the reviewers to improve the quality of the paper

Conftool metadata

- ☐ In Conftool (the submission system) Authors' names are spelled exactly as in the paper
- ☐ In Conftool, first name and last name are not inverted
  - ⇒ **first name** = name = given name
  - ⇒ **last name** = family name = surname
- ☐ if you have more than one paper: Authors' names are spelled the same in the metadata of all your submissions – check back with the submitting author of the other papers
- ☐ Poster papers or Work-in-Progress papers: The title has to be preceded by "Poster: *{Your title here}*" or "Work-in-Progress: *{Your title here}*"
- ☐ The corresponding author has submitted the paper (if not please contact Sebastian, ssr@online-engineering.org, he will change this in Conftool)

Springer CTP (Consent to Publish Form)

- ☐ The CTP is correctly filled in:
  - ⇒ *Names + addresses of all authors*: give **names** and **addresses** of **all** authors
  - ⇒ name of the corresponding author: give **only** the name of the **corresponding author** *(this can be only one person)*
  - ⇒ *Title of the contribution:* Title of your paper
  - ⇒ *Signature:* Signature **by hand**
  - ⇒ *Date:* don't forget it

Why all this? Springer publishes the proceedings in a real printed book, therefore the page limits. All proceedings also have an author index which is impossible to create without mistakes when there are 3, 4 or even more different spellings for one author. And after all: Quality does matter. To name only some of the reasons…
